ILLUMINATING ENERGY RISK MANAGEMENT

Energy risk managers need to keep their skills sharp to meet today's industry challenges, and no one understands the challenges better than utility and energy company risk managers and claims representatives. The Energy School, hosted by AEGIS, EIM, NEIL and Everen, will shed light on specific challenges facing today's energy professionals. Join risk management experts, industry leaders and fellow professionals for an enlightening symposium.

- Take part in real world scenarios and case study exercises
- Explore opportunities and challenges with experts and colleagues
- Gain a unique perspective of the rapidly changing energy environment
- Acquire additional skills to adapt to upcoming challenges

This program is designed for risk management and claims professionals and will provide knowledge needed in performing and adapting amid the challenges of the industry. Registration will begin in March.
